Hi there is one thing I would like to add on which I don't think it right for examiner to be at the front passages seat and the interpreter to be at the back,because deaf people need access to their communication this why I strongly feel this should be change in the future do you agree? Who can I write to about this?

I have to say that I had a couple of instructors before jeds and after failing I totally gave up! Then I was recommended Fiona through a friend! In the lessons you do not feel intimidated but feel as though your already there, her patience and casual demeanor assisted me to stay calm and think carefully about my decisions without pressure or fear! She has fantastic techniques which allow you to remember your maneuvers easily and most of all she makes you feel trusted and at ease through the lesson giving gentle guidance throughout until you do not even realize your doing it naturally!!! I would recommend Fiona as an instructor to everyone! she is simply the best!!!!

Today I passed my driving test, and I must admit I couldn't have done it without endless support and patience of my driving instructor Tina. For me it was a double challenge because I had already had a full license issued in my homeland country Ukraine, with an awful lot of bad habits attached. Tina has mended my driving and made me a confident and fortunately safe driver. Thanks a lot Tina!

Fezaa, Norbury – July 9, 2012

Tina is simply the best instructor I have ever had, am glad I passed my driving test with her but I do miss driving around Croydon/Norbury with her. She is easy going and she takes the complications out of driving and simplifies it in a way that makes it easy to understand. She doesn't put up with the other crap my other instructors will, with her, it's not just about the money, you can tell she cares and she wants you to pass. I only wish I met her years ago, would have had my driving license for years now. I would for sure recommend her to anyone, who wants to pass their driving test without wasting too much time and money.

Chi Igwe, Croydon – July 9, 2012

I had several lessons with 4 different motoring school without gaining any knowledge not have any confidence to drive. Michael is a professsional instructor, he did what others could not do. He taught to understanding all the rudiments of driving, he gave every reason for one to drive, instills confidence and after having few lessons with him I gained good confidence to drive and I bought my first car and I started driving, though I attempted the test up to four times but at last at the 5th times I passed my test. Thanks to Michael, he is my man. Well done michael, you are doing a great job achieving your purpose and contributing to the development of humanity and the nation, please keep up the good work. I passed my practical driving test last week and I would like to thank JEDS driving school for providing me with an excellent tutor in the person of JOANNA. I am especially grateful to her for the patience, good attitude and good sense of humour she showed all through the period of my lessons. I can say that she was the best and I would definitely recommend her for someone that had never driven before. Once again big thanks to Joanna.

Chris Okoye, Brixton Hill – May 21, 2012

Had some awful instructors when I first tried to drive - so bad I stopped for a short break that ended up lasting five years. No idea why I picked Jeds when I came back to it, but Joanne was everything I could have asked for. Quickly identified things I was doing wrong and showed me how to overcome them. And she moved me on quickly (it didn't feel like she was dragging out me taking lessons to make money). Plus, she was very funny and didn't mind me swearing. Always a plus! (Passed first time, after ten lessons)

Alex M, South Norwood – May 21, 2012

Michael is an excellent instructor. After years of starting and stopping lessons with other driving schools, I finally found an instructor who made me feel at ease, confident and actually enjoy driving. It all paid off as I passed my test on the 1st go after only 2 months worth of lessons (I hadn't had any lessons at all for well over 2 years). I highly recommend this instructor and school.

Sophie Watson, Thornton Heath – March 27, 2012

I am an overseas driver and needed my UK driver's license which I got just a couple of hours ago. A month ago, I have been surfing the Net for an AFFORDABLE and RELIABLE driving school. I came across JEDS and after my brief inquiry over the phone it has been a good journey with them ever since. I was very anxious during my first lesson but was felt at ease and comfortable by my wonderful instructor LORRAINE. She has taught me everything I should know about driving safely. Not only did she make me competent but confident as well in driving here in London. It was a wonderful learning experience with her. In taking the practical test, she was there to give support and assured me that everything will be alright. From the very first lesson I had, I've been recommending LORRAINE to all my friends who are planning to take driving lessons. My friends were amazed that I am taking the exam in 3 weeks and I only started having lessons..... I am sure they will be more amazed now to see my certificate. Thanks to Lorraine.

Jay-ar Sia, Streatham – March 27, 2012

I passed first time thanks to my instructor LORRAINE who made me feel very comfortable and at ease while learning. She has a great personality and gave me the confidence to drive. Great instructor, very professional and pleasant. All my manovers were explained to me thoroughly. She showed me that she cared whether I passed rather than just doing her job. Thanks to LORRAINE who helped me pass!!x

Gina Robinson, Norbury – March 27, 2012

I passed first time with the help of Paul. He was always there on time and never once late. He was a very patient man and explained everything in great detail and he would try his best to answer anything I struggled in. He was very easy to get along with and gave 100% effort to every lesson. He gave me a lot of confidence for my test and I am very happy i passed first time. I will definitely recommend JEDS to my friends and definitely Paul as an instructor. Thank you Paul again and I am very happy I do not have to take the bus anymore!!!

Hamza Aziz, Streatham – March 24, 2012

Big thank you to Vanda who helped me pass my test first time. She was always helpful and was always making sure I improved on things I was struggling with. She would never give up even if I kept doing things wrong she just make me do them again and again which I think was a big help as it made me improve each time till I got it perfect and without that I wouldn't have passed my test! So thank you again Vanda!!

I have just started learning how to drive a manual car from scratch and my instructor Naseem is wonderful, I have noticed that she is very patient and has instilled in me confidence and motivation. Naseem makes me feel very comfortable in the car, we laugh at some of my silly questions and answers about driving on the road and which also makes me more eager and wanting to learn more.

Alicia Allen-Bernard, Tooting – March 10, 2012

A massive thank you to Dave! I passed this morning! I will definitely recommend my friends/family to him. He increased my confidence in driving. When I did lessons a long time ago with other instructors I absolutely hated driving, now I enjoy it and I'm not scared to be out on the roads (since there's a lot of rubbish people out there who cant drive for s***, they definitely need refresher courses with good instructors like Dave).

Hi there is one thing I would like to add on which I don't think it right for examiner to be at the front passages seat and the interpreter to be at the back, because deaf people need access to their communication this why I strongly feel this should be change in the future do you agree? Who can I write to about this?

In the lessons you do not feel intimidated but feel as though your already there, her patience and casual demeanor assisted me to stay calm and think carefully about my decisions without pressure or fear! She has fantastic techniques which allow you to remember your maneuvers easily and most of all she makes you feel trusted and at ease through the lesson giving gentle guidance throughout until you do not even realize your doing it naturally!!!! I would recommend Fiona as an instructor to everyone! she is simply the best!!!!

Tina is simply the best instructor I have ever had, am glad I passed by driving test with her but I do miss driving around Croydon/Norbury with her. She is easy going and she takes the complications out of driving and simplifies it in a way that makes it easy to understand. She doesn't put up with the other crap my other instructors will, with her, its not just about the money, you can tell she cares and she wants you to pass. I only wish I met her years ago, would have had my driving license for years now. I would for sure recommend her to anyone, who wants to pass their driving test without wasting too much time and money.

I passed my practical driving test last week and I would like to thank JEDS driving school for providing me with an excellent tutor in the person of JOANNA. I am especially grateful to her for the patience, good attitude and good sense of humour she showed all through the period of my lessons. I can say that she was the best and I would definitely recommend her for someone that had never driven before. Once again big thanks to Joanna.

Chris Okoye, Brixton Hill – May 21, 2012

Had some awful instructors when I first tried to drive - so bad I stopped for a short break that ended up lasting five years.No idea why I picked Jeds when I came back to it, but Joanne was everything I could have asked for.Quickly identified things I was doing wrong and showed me how to overcome them. And she moved me on quickly (it didn't feel like she was dragging out me taking lessons to make money). Plus, she was very funny and didn't mind me swearing. Always a plus!(Passed first time, after ten lessons)

Alex M, South Norwood – May 21, 2012

Michael is an excellent instructor. After years of starting and stopping lessons with other driving schools, I finally found an instructor who made me feel at ease, confident and actually enjoy driving. It all paid off as I passed my test on the 1st go after only 2 months worth of lessons (I hadn't had any lessons at all for well over 2 years). I highly recommend this instructor and school.

Sophie Watson, Thornton Heath – March 27, 2012

I am an overseas driver and needed my UK driver's license which I got just a couple of hours ago. A month ago, I have been surfing the Net for an AFFORDABLE and RELIABLE driving school. I came across JEDS and after my brief inquiry over the phone it has been a good journey with them ever since. I was very anxious during my first lesson but was felt at ease and comfortable by my wonderful instructor LORRAINE. She has taught me everything I should know about driving safely. Not only did she make me competent but confident as well in driving here in London. It was a wonderful learning experience with her. In taking the practical test, she was there to give support and assured me that everything will be alright. From the very first lesson I had, I've been recommending LORRAINE to all my friends who are planning to take driving lessons. My friends were amazed that I am taking the exam in 3 weeks and I only started having lessons..... I am sure they will be more amazed now to see my certificate. Thanks to Lorraine.

Jay-ar Sia, Streatham – March 27, 2012

I passed first time thanks to my instructor LORRAINE who made me feel very comfortable and at ease while learning. She has a great personality and gave me the confidence to drive. Great instructor, very professional and pleasant. All my manoeuvres were explained to me thoroughly. She showed me that she cared whether I passed rather than just doing her job. Thanks to LORRAINE who helped me pass!!x

Gina Robinson, Norbury – March 27, 2012

I passed first time with the help of Paul. He was always there on time and never once late. He was a very patient man and explained everything in great detail and he would try his best to answer anything I struggled in. He was very easy to get along with and gave 100% effort to every lesson. He gave me a lot of confidence for my test and I am very happy I passed first time. I will definitely recommend JEDS to my friends and definitely Paul as an instructor. Thank you Paul again and I am very happy I do not have to take the bus anymore!!!

Hamza Aziz, Streatham – March 24, 2012

Big thank you to Vanda who helped me pass my test first time. She was always helpful and was always making sure I improved on things I was struggling with. She would never give up even if I kept doing things wrong she just made me do them again and again which I think was a big help as it made me improve each time till I got it perfect and without that I wouldn't have passed my test! So thank you again Vanda!!

Gemma, Surrey – March 20, 2012

I can't say much more than a massive thank you so much to Jeds instructor Dave, He put all of his faith in me to pass and it worked. My instructor Naseem made me feel so comfortable during my driving days, tops up Naseem for your patience and re-enforcement. I am so happy because you have allowed me to drive during the entire session today and I believe I have made more progress as you were very pleased with my performance. They always say practice makes perfect and that is where I am headed with your teaching Naseem.

Kat Millward, West Norwood – March 12, 2012

I have just started learning how to drive a manual car from scratch and my instructor Naseem is wonderful,I have noticed that she is very patient and has instilled in me confidence and motivation. Naseem makes me feel very comfortable in the car, we laugh at some of my silly questions and answers about driving on the road and which also makes me more eager and wanting to learn more.

Alicia Allen-Bernard, Tooting – March 10, 2012

A massive thank you to Dave! I passed this morning! I will definitely recommend my friends/family to him. He increased my confidence in driving. When I did lessons a long time ago with other instructors I absolutely hated driving, now I enjoy it and I'm not scared to be out on the roads (since there's a lot of rubbish people out there who cant drive for s***, they definitely need refresher courses with good instructors like Dave).

Kimberley, Norbury – March 5, 2012

Though I've had previous experience from other instructors from different driving schools, I can say that she was the best and I would definitely recommend her for someone that had never driven before.

Stella put me at ease right from the beginning and gave me the confidence to deal with difficult situations on the road. Hi there is one thing I would like to add on which I don't think it right for examiner to be at the front passages seat and the interpreter to be at the back,because deaf people need access to their communication this why I strongly feel this should be change in the future do you agree? Who can I write to about this?

In the lessons you do not feel intimidated but feel as though your already there, her patience and casual demeanor assisted me to stay calm and think carefully about my decisions without pressure or fear! She has fantastic techniques which allow you to remember your maneuvers easily and most of all she makes you feel trusted and at ease through the lesson giving gentle guidance throughout until you do not even realize your doing it naturally!!! I would recommend Fiona as an instructor to everyone! she is simply the best!!!!

Today I passed my driving test, and I must admit I couldn't have done it without endless support and patience of my driving instructor Tina. For me it was a double challenge because I had already had a full license issued in my homeland country Ukraine, with an awful lot of bad habits attached. Tina has mended my driving and made me a confident and fortunately safe driver. Thanks a lot Tina!

Fezaa, Norbury – July 9, 2012

Tina is simply the best instructor I have ever had, am glad I passed my driving test with her but I do miss driving around Croydon/Norbury with her. She is easy going and she takes the complications out of driving and simplifies it in a way that makes it easy to understand. She doesn't put up with the other crap my other instructors will, with her, it's not just about the money, you can tell she cares and she wants you to pass. I only wish I met her years ago, would have had my driving license for years now. I would for sure recommend her to anyone, who wants to pass their driving test without wasting too much time and money.

I passed my practical driving test last week and I would like to thank JEDS driving school for providing me with an excellent tutor in the person of JOANNA. I am especially grateful to her for the patience, good attitude and good sense of humour she showed all through the period of my lessons. I can say that she was the best and I would definitely recommend her for someone that had never driven before. Once again big thanks to Joanna.

Chris Okoye, Brixton Hill – May 21, 2012

Had some awful instructors when I first tried to drive - so bad I stopped for a short break that ended up lasting five years. No idea why I picked Jeds when I came back to it, but Joanne was everything I could have asked for. Quickly identified things I was doing wrong and showed me how to overcome them. And she moved me on quickly (it didn't feel like she was dragging out me taking lessons to make money). Plus, she was very funny and didn't mind me swearing. Always a plus! (Passed first time, after ten lessons)

Alex M, South Norwood – May 21, 2012

A huge thank you to Paul who helped me pass my test first time. Paul's patient and friendly approach to every lesson made the whole experience so much more enjoyable. Sophie Watson, Thornton Heath – March 27, 2012

I am an overseas driver and needed my UK driver's license which I got just a couple of hours ago. A month ago, I have been surfing the Net for an AFFORDABLE and RELIABLE driving school. I came across JEDS and after my brief inquiry over the phone it has been a good journey with them ever since. I was very anxious during my first lesson but was felt at ease and comfortable by my wonderful instructor LORRAINE. She has taught me everything I should know about driving safely. Not only did she make me competent but confident as well in driving here in London. It was a wonderful learning experience with her. In taking the practical test, she was there to give support and assured me that everything will be alright. From the very first lesson I had, I've been recommending LORRAINE to all my friends who are planning to take driving lessons. My friends were amazed that I am taking the exam in 3 weeks and I only started having lessons..... I am sure they will be more amazed now to see my certificate. Thanks to Lorraine.

Jay-ar Sia, Streatham – March 27, 2012

I passed first time thanks to my instructor LORRAINE who made me feel very comfortable and at ease while learning. She has a great personality and gave me the confidence to drive. Great instructor, very professional and pleasant. All my manovers were explained to me thoroughly. She showed me that she cared whether I passed rather than just doing her job. Thanks to LORRAINE who helped me pass!!x

Gina Robinson, Norbury – March 27, 2012

I passed first time with the help of Paul. He was always there on time and never once late. He was a very patient man and explained everything in great detail and he would try his best to answer anything I struggled in. He was very easy to get along with and gave 100% effort to every lesson. He gave me a lot of confidence for my test and I am very happy i passed first time. I will definitely recommend JEDS to my friends and definitely Paul as an instructor. Thank you Paul again and I am very happy I do not have to take the bus anymore!!!

Hamza Aziz, Streatham – March 24, 2012

Big thank you to Vanda who helped me pass my test first time. She was always helpful and was always making sure I improved on things I was struggling with. She would never give up even if I kept doing things wrong she just make me do them again and again which I think was a big help as it made me improve each time till I got it perfect and without that I wouldn't have passed my test! So thank you again Vanda!!

Today I had a lovely time driving and taking control of the car more confidently. My instructor Naseem made me feel so comfortable during my driving days, tops up Naseem for your patience and re-enforcement. I am so happy because you have allowed me to drive during the entire session today and I believe I have made more progress as you were very pleased with my performance. They always say practice makes perfect and that is where I am headed with your teaching Naseem.

I passed my practical driving test 2 days ago and would like to thank JEDS driving school for providing me with an excellent tutor in the person of Andrew Winter. I am especially grateful to him for the patience and diligence he showed all through my lessons with him. I was able to pass the test on the first attempt after only a handful of lessons and thorough tuition. I would recommend JEDS and especially Andrew to anyone looking to pass their test with minimum effort like I did. Thanks again.

Kat Millward, West Norwood – March 12, 2012

I have just started learning how to drive a manual car from scratch and my instructor Naseem is wonderful, I have noticed that she is very patient and has instilled in me confidence and motivation. Naseem makes me feel very comfortable in the car, we laugh at some of my silly questions and answers about driving on the road and which also makes me more eager and wanting to learn more.

Alicia Allen-Bernard, Tooting – March 10, 2012

A massive thank you to Dave! I passed this morning! I will definitely recommend my friends/family to him. He increased my confidence in driving. When I did lessons a long time ago with other instructors I absolutely hated driving, now I enjoy it and I'm not scared to be out on the roads (since there's a lot of rubbish people out there who cant drive for s***, they definitely need refresher courses with good instructors like Dave).

Kimberley, Norbury – March 5, 2012

A big thank you to Lefko for teaching me all I needed to know about driving before my test, which thanks to her, I passed! She explained exactly what had to be done during difficult situations on the road which really boosted my confidence with driving. Though I've had previous experience from other instructors from different driving schools, I can say that she was the best and I would definitely recommend her for someone that had never driven before.

Stella put me at ease right from the beginning and gave me the confidence to deal with difficult situations on the road. I passed my test this morning and am thrilled- I wouldn't have been able to do this without my instructor- Thank you so much Stella you are a legend!!!!

Made me feel I could be myself with her and make lots of stupid sounds 'ooo', 'ooh' as I was driving. Patient with my stupid 'Ella moments', flexible with the time I could do lessons and we had a laugh to. Would recommend to anyone! Thanks again! Ella, Reigate and Redhill – January 27, 2012
